I want to welcome you with an excited and proud heart to the fall semester at OLLI.

Fall has always been my favorite season. With the heat of a simmering summer cooling down, I find myself becoming excited as I watch nature once again grow and re-create itself. What I treasure about the fall season in nature correlates well with the treasures I have found in my experiences at OLLI.

As OLLI moves into its 42nd year as one of Philadelphia’s premier continuing education programs for people over 50, it continues to grow by making use of the latest technology, expanding to an unprecedented 1,300 members and continues to re-create an inviting and nurturing academic environment for people that have a love for learning and an unending thirst for knowledge.

An unending thirst for knowledge is almost impossible to satisfy, but fortunately for OLLI we have a dedicated group of volunteers that come together through our Curriculum Committee and faculty to offer over 100 diverse courses this fall. Our Library Committee offers the most recent selection of fiction and non-fiction publications and our Trips Committee helps us to step outside of our comfort zone and offers us opportunities to explore our own city and others. I believe we can meet the challenge of quenching the thirst for knowledge and succeed.

What excites me about OLLI this fall is how we continue to enhance our technology capabilities through continuing to convert classrooms from analog to digital and bringing streaming technology into more classrooms, which will allow us to expand attendance in our oversubscribed courses.

What I’m proud of this fall, is that OLLI is moving in the direction of going GREEN. Through the use of DestinyOne technology to pay our annual membership at enrollment time and register for select classes; through continued enhancement and restructuring of our website, OLLI is becoming a more paperless and efficient organization that is rightfully embedded in the 21st century.

I want to thank our past president, Ron Fischer, and our director, Adam Brunner, for their dedication and foresight that has helped OLLI continue to be the outstanding lifelong learning institution that it is today.

It is my honor and pleasure to represent you as your president in the new academic year of 2016-2017. I am looking forward to quenching my thirst for knowledge along with you, in all OLLI has to offer.

With Warm Regards,

Donna Satir, President
The Osher Lifelong Learning Institute (OLLI) at Temple University is an extraordinary educational environment serving people 50 and older. Dear OLLI Members,

Welcome to fall 2016 semester at OLLI at Temple University.

I am pleased to present to you a marvelous and diverse array of courses for your education and enjoyment. Feast your eyes; it’s really impressive.

It continues to amaze me how many talented and intelligent individuals volunteer their time as OLLI instructors. We are truly fortunate and so grateful to them. I am equally amazed by the dedication and generosity of our volunteers who perform professional level roles that enable our program to function so effectively. With a staff of 3 and a membership of 1300, our volunteers are essential and we so appreciate them.

This year, as many of you know, we are doing things a little differently than in the past. We are changing our course registration process in order to respond to the input we received over the past year. Course registration will be held over several days and we will run a lottery on any courses that attract a larger attendance than we have seats available.

Try not to worry about the lottery. You may get into many of the courses you wish to attend. If not, thanks to our classroom monitors, you will have the opportunity to sit in on registration courses on a weekly basis when registered students do not show.

I hope you have a great time at OLLI this semester. Also, please let me know if there is anything I can do to improve your experience.

With Warm Regards,

Adam Brunner, Director
OLLI at Temple classes are conducted in Center City Philadelphia at 1515 Market Street.

An asterisk (*) after a course title means that this class may attract a large attendance and is accommodated on a first-come, first-serve basis. If this is the case for one of your courses, we suggest you arrive 30 minutes before it is scheduled to begin to be guaranteed a seat. Once the seats are full, we cannot allow any more people to enter because of the building fire code. This also means that you cannot bring in chairs from other rooms or sit on window sills. We thank you for your strict adherence to this necessary regulation.

After the catalog is published, schedule changes do occur. You will be notified by printed material and email of these changes. However, especially for those who do not have email, we recommend that you contact the OLLI office before the semester begins, to request course updates.

Because of the exorbitant cost associated with photocopying handouts for classes, OLLI is making an effort to transition to a paperless environment. This will not happen overnight. We encourage members who do not currently use email to sign up for one of our beginning computer classes to learn how to send and receive emails. Think of all the paper we will save if we can send you the handouts by email and you can view them anytime you wish at your computer. If you do not have a computer or regular access to one, you will continue to receive handouts on paper. Thank you for your cooperation.

Our Trips Committee has sponsored trips to various Philadelphia area institutions such as the Franklin Institute, the National Constitution Center and Pennsylvania Academy of Fine Arts at special group rates.

Special Events

Every year, OLLI’s Special Events Committee holds two events where members of the OLLI community get together to socialize and to honor those who have contributed to the organization by their active participation and/or financial support. In early December, a festive holiday party is held for all faculty, students and staff. This event is partially subsidized by the organization and includes lunch and entertainment. In early May, OLLI holds its annual luncheon, preceded by the annual meeting. The meeting recognizes the officers, the faculty, the committee volunteers and OLLI staff. The luncheon is accompanied by top entertainment.
